Summer 1, Week 2 Newsletter

Dear Families,

It has been another busy and rewarding week in school. The children have shown enthusiasm in their learning, with classrooms tackling maths questions, getting creative when writing descriptive sentences and carrying out some interesting investigations in science! Our pupils have been welcoming the more regular sunshine at break and lunch playtimes, and we are all hoping this lovely weather continues! You will have seen on the diary dates that our sports day takes place just before the May half term holiday and more details around that will follow soon.

This week, I would like to highlight an important area where home and school must work closely together: keeping children safe online. As technology continues to play a larger role in children's lives, it is vital that we equip them with the knowledge and understanding to use it responsibly. In school, we regularly teach online safety through our computing and PSHE curriculums, as well as in some assemblies and class discussions. It is vital that we help children to recognise risks, understand appropriate behaviour, and know what to do if something concerns them.

Many children are increasingly aware of, or already using, platforms such as WhatsApp, Snapchat and Roblox. While these can offer opportunities for communication and creativity, they also come with age restrictions and potential risks, including exposure to inappropriate content, contact with strangers, and pressure to respond or engage in ways that may not be suitable. We strongly encourage parents and carers to be aware of the age guidance for these apps and to consider whether they are appropriate for primary-aged children.

There are several practical steps you can take at home to support your child. Regularly talk with them about what they are doing online and who they are interacting with. Keep devices in shared family spaces where possible and make use of parental controls and privacy settings. It is also helpful to agree clear boundaries around screen time and app usage, and to remind children that they should always speak to a trusted adult if something makes them feel uncomfortable or unsure.

We know that navigating the digital world can feel challenging, and we are here to support you. There is a wealth of additional guidance and resources available on the school website, which we encourage you to explore. You can also come and speak to a staff member if you have any concerns and we have also worked with the Safer Schools Team to arrange new dates for a Parent/Carer Information Session before the end of term. By working together, we can ensure that our children develop the skills they need to stay safe, confident and responsible online.

Have a wonderful weekend,
Mrs Griffiths

Sports Day

This year's Sports Day will be held at Winfrith on **Friday 22nd May**. **We ask that all students are provided a packed lunch for this day.** If you book meals via Chartwells, please ensure these have been swapped to packed lunches.

School Uniform

At Lulworth and Winfrith, we have high expectations on School Uniform. **Please ensure your child wears black shoes** when a normal school day. If your child has PE, they can wear their PE kit and trainers. Please note the PE uniform refers to shorts and that hot pants are not acceptable. Thank you for your support with this.

Parking

Please be aware of where you park during pick up and drop off times.
Winfrith: Park either at the dairy farm or alongside school lane but not directly in front of the school.
Lulworth: Park on School Lane and not within the turning circle and staff parking bays.

Purple Up Day

Today, children have recognised Purple Up Day, which forms part of the Month of the Military Child. As you can see, the children are very proud to be wearing their wonderful creations in KS1!

Purple Up Day is an awareness day that celebrates and supports children from Armed Forces families. These children often experience unique aspects of school and family life, such as parental deployment, frequent relocations, and changes in schools. Purple Up Day provides an opportunity for schools across the country to recognise their resilience and to promote understanding and inclusivity within the school community.

Certificates and Achievements

Luna Morris for demonstrating our school value of **FELLOWSHIP** by enthusiastically sharing your ideas and creativity with others.

Nova Shanley for demonstrating our school value of **ASPIRATION** by striving for excellence in everything she does.

Scarlett Jones for demonstrating our school value of **ASPIRATION** for her readiness to learn and showing great work ethic

Jesfaith Tolentino for demonstrating our school value of **ASPIRATION** for her amazing science work

Frankie Atkin for demonstrating our school value of **ASPIRATION** by continually striving forward

Seren-Jean has won herself the Star Reader Award. She has chosen a book to read at her leisure

Well done to all those who have earned themselves an award this week!

Upcoming Dates
